FB-129

Introduction

This collection contains photographs of covered bridges in Vermont, Connecticut, Maine, Massachusetts, New Hampshire, New York, Pennsylvania, and Canada, all taken by Dr. Hahn of Massachusetts during the period 1952-1962. A detailed inventory of the photographs, noting the location of each bridge, is included below. They were given to the Aldrich Public Library in Barre, Vermont, in May 2015 by Robert A. Prioli of Plainfield, Vermont and later transferred to the custody of the Vermont Historical Society. The collection is housed in one archival flip-top box and consumes .25 linear feet of shelf space.
