

Marriages in Montpelier, Burlington and Berlin, Vt. 1789-1876

The marriages listed in this publication were taken from *Vermont Marriages, Vol. 1* (Boston: Research Publication Co., 1903), available at the Leahy Library of the Vermont Historical Society and other repositories. That publication lists marriages in chronological order, and is unindexed, making searching for an individual difficult.

The marriages are presented in the original book in the following sequence:

Marriages in Montpelier, Vt.

Town Clerk's Record, 1791-1852 – pages 9-38

Congregational Church Records, 1815-1852 – pages 41-45

Christ Episcopal Church Records, 1792-1851 – page 49

Marriages in Burlington, Vt.

Town Clerk's Record, 1789-1833 – pages 53-60

Unitarian Church Records, 1822-1830 – pages 63-64

Marriages in Berlin, Vt.

Town Clerk's Record, 1791-1876 – pages 67-92

The information that follows is arranged alphabetically, and includes both the bride and the groom. The page reference at the end of each entry can be compared to the list above to determine whether the marriage was recorded in the civil record or a church record. In cases where the bride's given name is missing (i.e., initials only are given), I have inserted [Miss] to make it clear that the person is a female.

A few of the marriage records included birth dates for the participants. That information is included herein under the name of each person.
