**1979 RECORD  
MONTPELIER HIGH SCHOOL  
MONTPELIER, VERMONT**

# 1979 Record Dedicated To a True Teacher and Friend

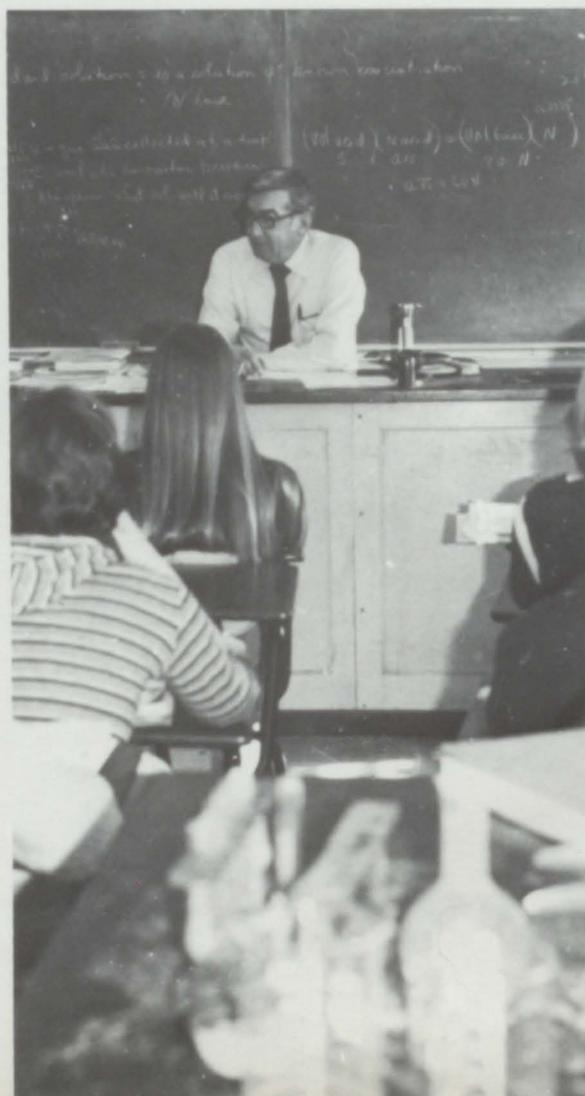

As we, the class of 1979, leave here, we take with us memories of a friend . . . a friend who shared with us his knowledge and experience as chairman of the science department . . . a friend who gave much of his free time as advisor of the National Honor Society and as coach of the golf team . . . a friend who was always present at games to cheer on our Solon teams.

It was with great sorrow that we learned of his passing. But we remember with greater appreciation the qualities in him that have enlightened us and warmed our hearts.

We dedicate our yearbook to you with loving appreciation . . .

# Our Vermont Community Makes Life Rich

**Montpelier: A Vermont community where people are doing Vermont things . . .**

**We have advantages of natural beauty and recreation in our environment, which are all tied in with the lakes, mountains, fields and forests of our state.**

**We take a sense of pride in this, and in knowing that this community is special in its own "Vermont" way.**

Rosie Traynor strolls along a favorite student short cut.

Small-city living forces us to make our own fun. Barb Coletti, Dave Jordan and Rob Sturtevant demonstrate one option.

Steve Pratt explores the woods around Montpelier.

My little horse must think it queer  
To stop without a farmhouse near  
Between the woods and frozen lake  
The darkest evening of the year.  
The woods are lovely, dark and deep.  
But I have promises to keep,  
And miles to go before I sleep,  
And miles to go before I sleep.

## Hi-Lites of the Year

MHS wouldn't be quite the same without its unique and traditional high points of each season.

Fall arrives, bringing with it the Freshman Reception and a week of Homecoming activities . . .

Winter soon follows, setting the scene for Christmas Ball and the Winter Carnival . . .

And in the awaited warmth of spring, the Junior Prom and graduation germinate memories for the future.

These are the hi-lites of a season, a year, an unforgettable time of our life.

## M.H.S. Welcomes the Freshmen

The atmosphere was tense for the freshmen on the morning of October 20, the morning of Freshman Reception. Not knowing what to expect (chains . . . whips . . . whipped cream pies?), the freshmen were ushered into the auditorium by seniors. The freshmen reappeared wearing their cones and paper bow ties for the procession through the halls. For the remainder of the day, cones were seen bobbing through the halls and classrooms. ("What is this, an invasion?")

Freshmen opinions ran from "It stunk!" to "It wasn't as bad as I thought it would be!" to "It was great!" Everyone, however, generally seemed to have fun.

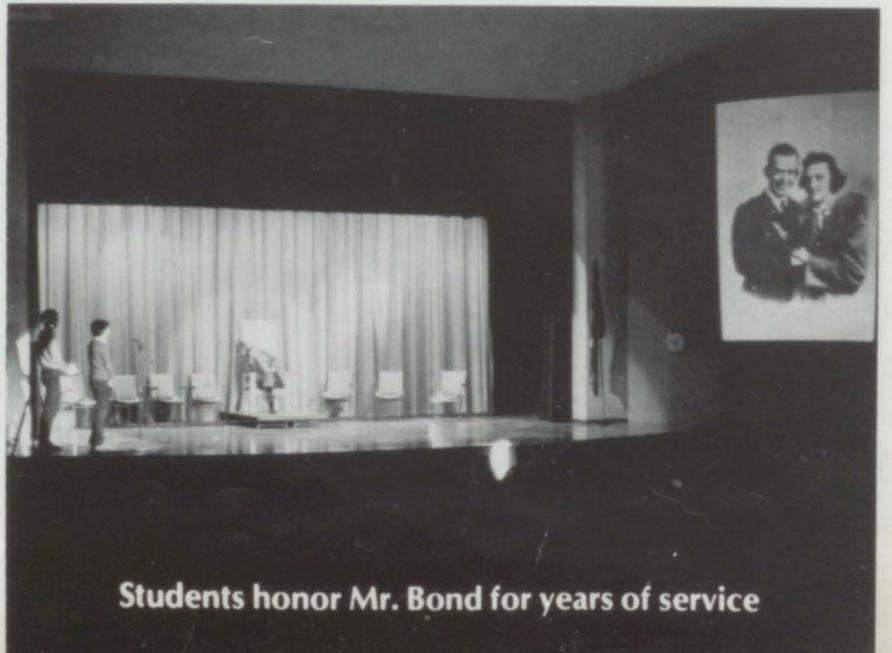

The day was a success thanks to the seniors who planned a memorable reception and made the tradition more enjoyable than ever.

# Homecoming

Homecoming Week is a tradition at M.H.S. It began with athletic competition, class against class. The senior girls proved to be the football pros, while the senior guys, not wanting to be outdone, captured the soccer title.

# Week Begins . . .

M.H.S. traveled back through time to a day of bobby socks, saddle shoes, greasy hair, and Purple Smuts. The junior class out-greased all other classes, winning the "50's Day Greaser Contest."

The Pep Rally was held the day before the big game. The (big-mouthed) seniors screamed their way to victory in the yelling contest and each fall sport was recognized by the coaches.

On Friday night the bonfire was held. The school didn't catch, but the fire did symbolize the fact Spaulding would be burned the following afternoon.

November 4 dawned a beautiful day. The Homecoming Parade marched its way through downtown Montpelier, with floats by each class, the Homecoming Queen and the court, and the colorful clowns.

# Homecoming Finale!

**THE QUEEN AND HER COURT** — Left to Right: Queen Margaret Gibson, Amy Sairs, Mary Gibson, Lori Denis, Leslie Lyons.

The climax of the week was the football game, and naturally the Solons drove Spaulding into the ground. What else can be said . . . ?

. . . And so Homecoming ended, but we are left with the memories of good times we'll never forget.

What a pair of squares!

# "The American Dame"

The story we have to study is about female which is supposed to be a simple subject.

This Fall, the Museum presented a play-out called "The American Dame." A play-out was only the audience's total effect and the players' ability to present a theme. The players showed their imagination by performing without the usual aids of set and costumes.

## *Christmas Ball '79*

'Twas the eve of Christmas eve; the awaited night arrived. The magic of Christmas adorned the gymnasium with dancing snowflakes, colorful Christmas trees, punch, and holiday treats. With the music of Fox, it was a night full of fun, Christmas spirit, and warm memories.

# Winter Carnival Banishes Winter Blues

Schools celebrated the day at this year's Winter Carnival during February vacation. The Juniors held their own and took second place, with the Sophomores and the Freshmen following in third and fourth places. Touch pad, Basketball, Volleyball were some of the games played by co-ed teams. Many thanks to Student Council for an enjoyable day.

# Boogie, Boogie!

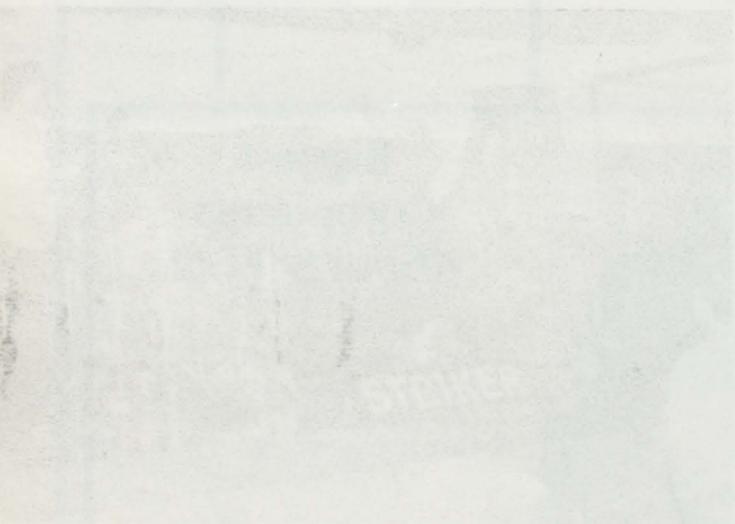

It's a Friday night, after a (fictional) basketball game. What do you do? (WRONG!) You don't go home and go to bed! You put on your dancing shoes and catch a rock hop.

On Saturday night you could find yourself getting down to the live music of Mavis Staples, Sly & the Family Stone, or the J.B.'s.

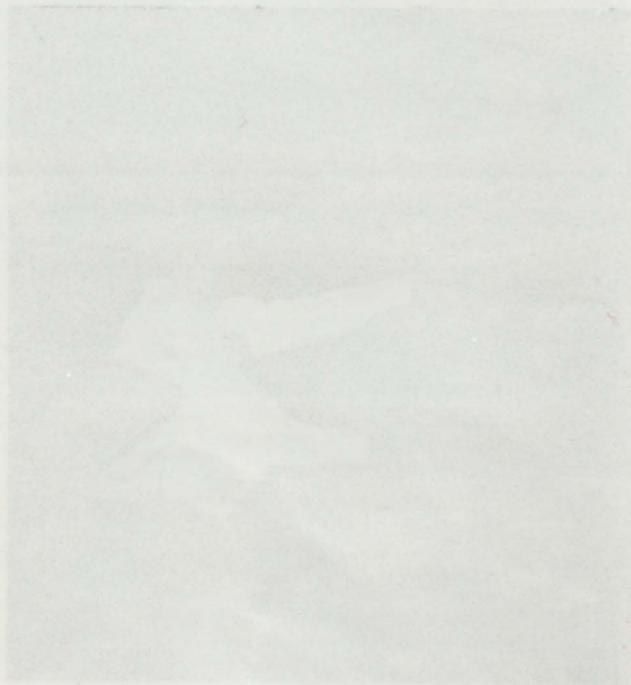

Whatever the dance or the band, you boogie . . . you boogie hard . . . and as the song says, you may even "boogie till your head caves in!"

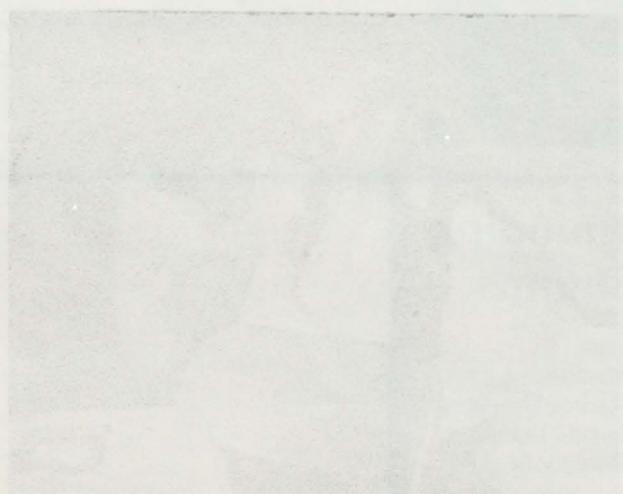

At the club on a late July night.

Live band.

Boogieing hard.

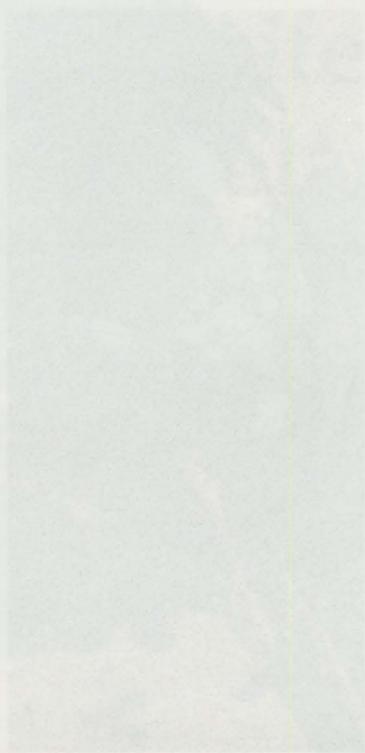

Wanna dance?

## Boogie Till You Can't Boogie No More!

The Record polled a cross-section of students on the new "disco" rage sweeping the country. Here are some responses:

Clayton, 16, dances

Michelle, 17, dances

### AGREEMENTS:

"It is very unusual and rather stupid, especially disco dances!"

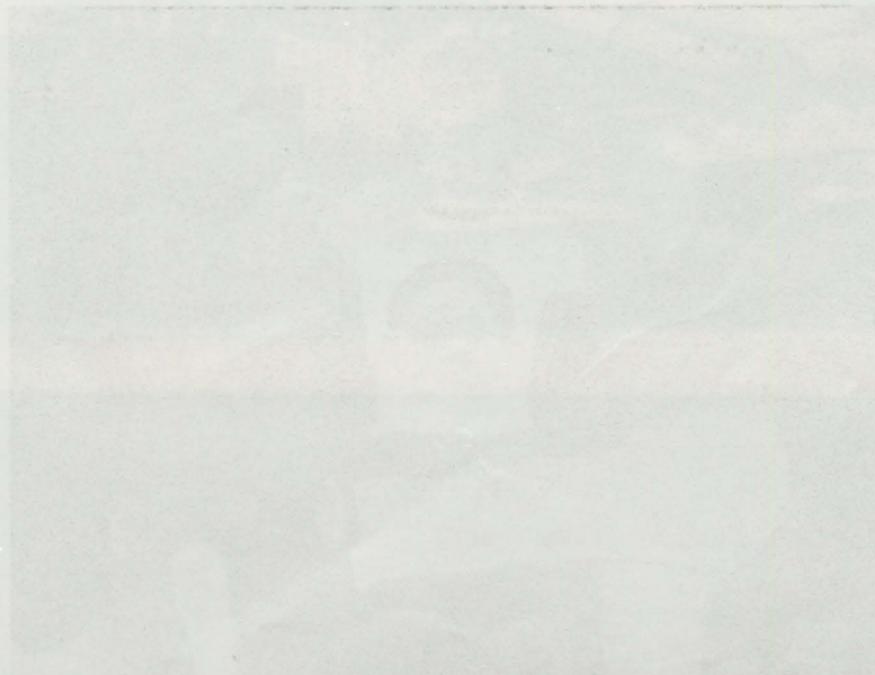

"Get down, mama. It's cool!"

"People seem to enjoy it, but I feel rather like a clod doing it."

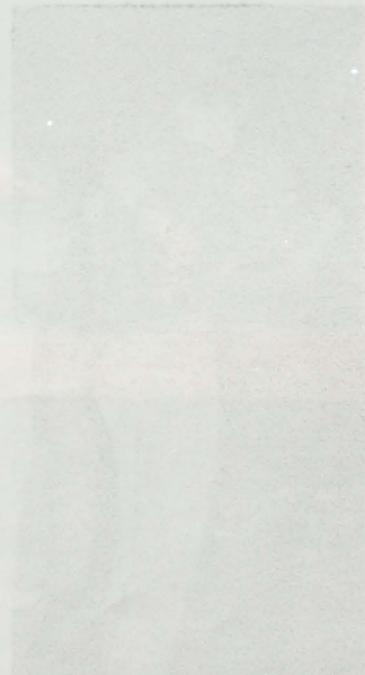

"Decent!"

"I like to watch it once in a while but most of the time I can't stand it."

"If you can wear the clothes, GO FOR IT!"

Why would anyone bother to take photos with **cardboard boxes**? Sketch their most horrible dreams . . . in five minutes or less? Make sheet metal tobacco cannisters? And do hundreds of other unusual (and also practical) things? Because it's important to develop our artistic talents and work with our hands. This year, the art and industrial arts programs continued to attract a wide variety of students who wanted to roll up their sleeves, invent and create. And stereotypes continued to collapse. People who hadn't held a paintbrush in years signed up for art classes . . . and girls who had previously avoided industrial arts jumped into many new technical fields.

The men and "minister" Mr. Aja await the bride.

Getting cold feet, Dave?

## *Dearly Beloved*

• • •

As in past years the senior Sociology classes had a marriage unit. Several "couples" held mock weddings. Although these "blessed events" weren't as serious as real weddings, they were as exciting and the brides and grooms were almost as nervous.

# Senior Prophecies

At your 25th MHS reunion what will you most likely remember about your senior year?

"Is it ever gonna stop rainin'?" or "Be a milker . . . play football!" There were all sorts of sayings that went around school this great year. With Physics parties, Calculus parties, and Senior Honors cram sessions, what else could this year be? Remember **King Lear**? That was a tragedy in itself. (Not really, Mrs. Fenno!) Animal League and pounding my gavel in Student Council . . . that was an animal league in itself. These are the things I'll remember.

With Mr. Naess and the ski team boys all "going for it" . . . X-C running and speed workouts in the park . . . skinning that chuck for Ms. Silsby. (I wonder if it will still be around in twenty-five years?)

I had such a good time this year and I'll never forget all those great experiences. I suppose you're wondering when this Allard kid's gonna shut up? Well, I've only one answer for you: "Always has!"

— Mark Allard

At my 25th MHS reunion the thing I am most likely to remember about my senior year is how the rest of the class made me feel. The genuineness of everyone was (and is) a very positive trait. For the first time, I am being treated like a unique individual by my peers. For once in my life I don't have to worry about being anybody except myself because people accept me. Moving to a new place and meeting new peo-

ple isn't an easy thing to do, but it sure is a whole lot easier when people include you. I feel included and it's a great feeling!

— Debbie Johnston

I will most likely remember all my friends and the good times we had together. Meeting some of them for the first time in twenty-five years will bring back a lot of memories of the things we did and the dreams we had. It should be fun to look back in old yearbooks, comparing how people looked in high school and how they will look then.

The greatest satisfaction I have received at MHS has come from being a part of teams and giving them my best effort. I always felt we had a lot of team spirit. But most importantly, I have learned how to get along better with others, to speak (a little) more freely, and especially, to be myself.

When looking back, I hope to remember the fun I had and the friends I made. Getting along with others was important to me, but gaining the trust, respect, and friendship, of teachers and my peers was most meaningful.

— Dick Millar

What do you think you will be doing ten years from now?

Ten years from now I imagine that I will be looking back on my past telling my children the same things my parents drilled into me. The most outstanding of these is the old phrase, "Your school years are the best years of your life, so enjoy them. Time passes quickly and they will be over before you know it."

Many times I scoffed and laughed at what my parents said. Think of it. Me actually being sad to leave school. What a laugh it was then.

What a reality it is now. Time has passed too quickly for me. The dreams I once had of tomorrow are now the memories of yesterday. Life is still an illusion in my mind, and a gun at my head. It has demanded too much in the past and will ask for even more in the future.

School life has been cruel to me by taking away everything from my adolescence to my very dear friends. But the one thing life can never take away from me are the very memories it has given me, and for that I am eternally grateful.

— Todd Bigelow

What will I be doing in ten years? Good question! I could be a waitress in a scrubby bar in the Bronx. Or I could be managing a Hilton in New Jersey with a hubby, two kids, and a dog! Call up my mother in ten years and she'll tell you!

— Mary Otis

We will remember all those irreplaceable times . . .  
friends made . . .  
smiles shared . . .  
tears cried . . .  
goals reached . . .

And we look toward  
the future for more of this,  
that we know to be life.

## Juniors —

This is a time of change, a time when we begin to know what we want, who we are, and where we are going.

## Sophomores —

So you pass from youth's carefree days into a world of greater responsibility.

## Freshmen —

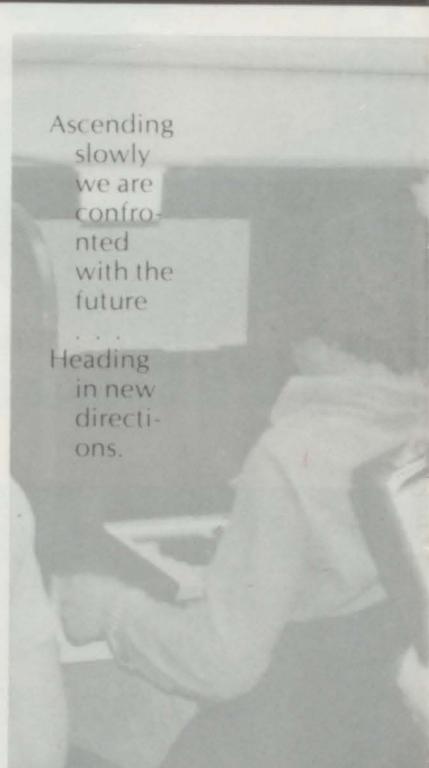

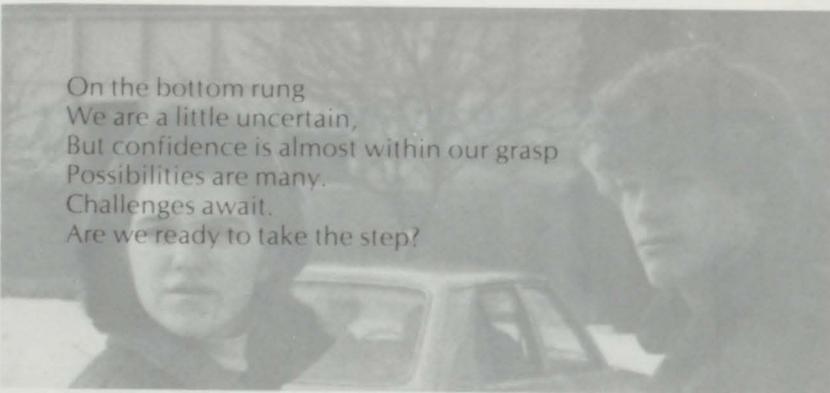

As winter blossoms into spring, so we change with the passing seasons.

Ascending  
slowly  
we are  
confronted  
with the  
future

...  
Heading  
in new  
directions.

On the bottom rung  
We are a little uncertain,  
But confidence is almost within our grasp  
Possibilities are many.  
Challenges await.  
Are we ready to take the step?

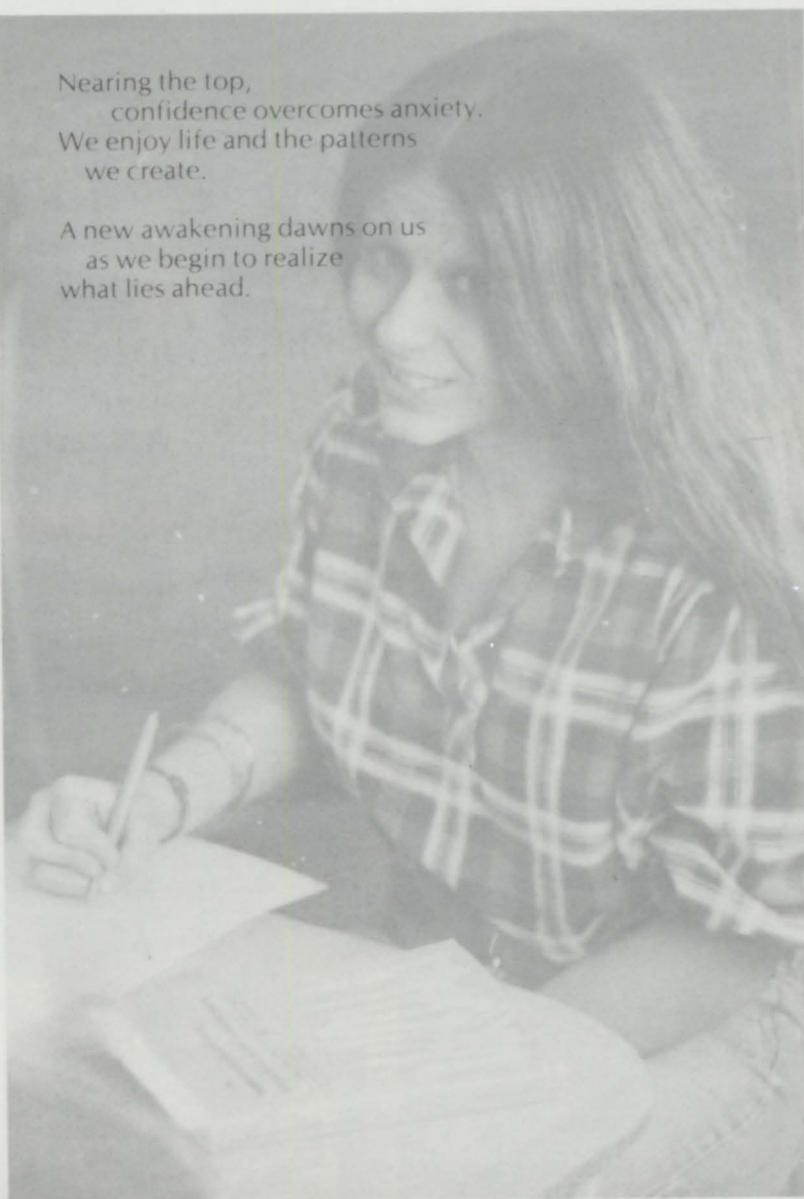

Nearing the top,  
confidence overcomes anxiety.  
We enjoy life and the patterns  
we create.

A new awakening dawns on us  
as we begin to realize  
what lies ahead.

Climbing distant  
mountains,  
Reaching for those golden  
stars;  
We laugh a little louder  
and look a little higher.

*Grasp these special moments and hold them as memories ...*

## *Sports: Through Rain, Sleet, and Snow*

Field Hockey, Skiing, Tennis . . .

As the seasons change, so do the sports. Strenuous training begins in the heat of summer.

When the first snow falls, chances are that football is still going strong.

Sub-zero temperatures don't stop the hockey players from battling it out on the ice, as fur-wrapped spectators sip hot chocolate and brave the cold.

After winter comes mud season. Surprisingly enough, out come the baseball players and dedicated golfers.

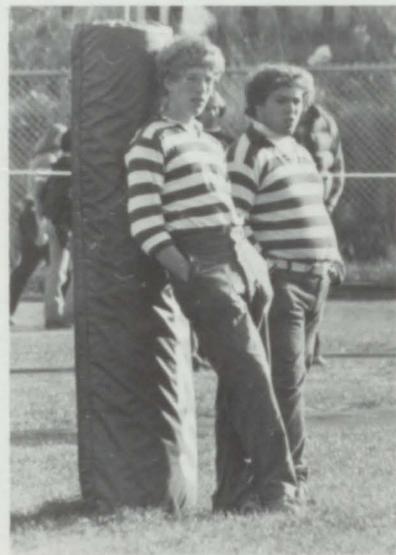

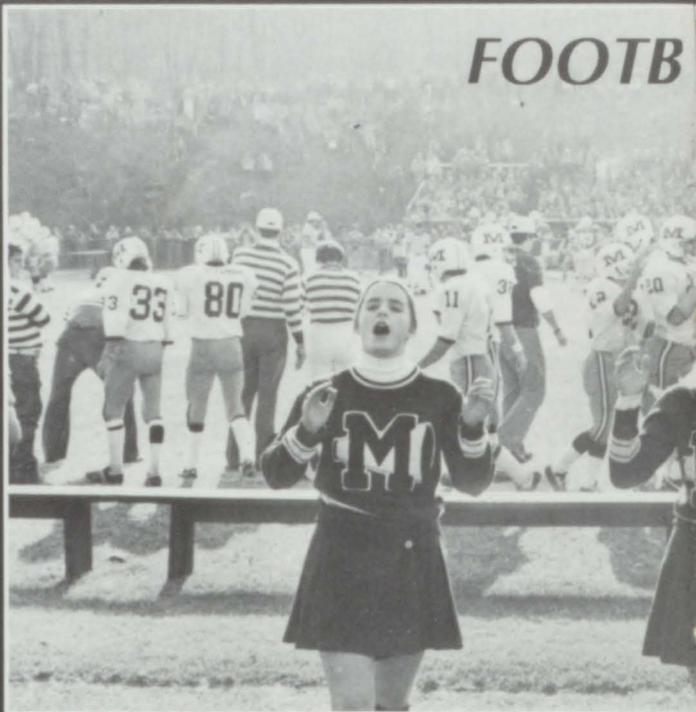

Living in Vermont, environment plays a large part in our lives. Although climate may be rigorous at times, seldom does it stop our athletes.

The 1978 football season accomplished a lot more than placing Montpelier at the top of the winning column. It built unity and pride among students, parents, and the community.

Needless to say, the season was rewarding at all levels of play. The varsity, junior varsity, and freshman teams played 26 games and won 23 of them. The freshmen had an undefeated 7-0 season, junior varsity ended up with a 7-2 record, and the varsity players took the Division I State Championship Title — a tremendous achievement for the size of our school — capping a 9-1 season.

"We are extremely proud of our student athletes' accomplishments and feel very fortunate to be able to participate with them in their successes — and winning attempts for successes," the coaches reported after the season.

Coaches Burton Morrison, Paul Simpson, Francis Brooks, Fred Kimble, Gary Shaneburger, and Mike Czok were outstanding examples of unselfish dedication for the 90 students involved in the football program.

Football fans had plenty to watch during the fall of 1978. The undefeated freshmen improved with every victory. Junior varsity players whalloped six of their opponents by more than 25 points and clobbered Spaulding 26-0. This was great experience for the 19 J.V. sophomores, who will be able to do a lot for the Solons next year.

And the varsity squad drove fans wild by overcoming a 14-0 deficit to beat Brattleboro in overtime for the state title.

## Varsity Field Hockey

For the first time in the history of field hockey at MHS, the varsity team made it to quarter-finals. The players' hard work finally paid off as they not only reached their goal of playoffs, but left the playoff game victorious. "Hopefully, we will continue to improve as our program grows," says Coach Joy Stowell. As one teammate so aptly put it, "We've come a long way, Baby!"

# J.V. Field Hockey Has Large Turn-Out

The J.V. Field Hockey team showed an enormous effort and improvement over the season. Although their record of 0-6-6 doesn't show it, their effort during the hard, fast-paced season resulted in an increasingly skilled and well-balanced team. They learned to really enjoy the game by keeping their spirits up throughout the season.

# X-C Teams Practice and Race Hard

## *Boys Have a Tough Season*

Starting from running camp at Lake Fairlee, the boys were plagued by injuries. Although the season wasn't all they had hoped for, their spirit never faltered. It wasn't until the end of the season that all of the top seven runners were able to race. Although injury claimed much of the team's potential, the empty spots were filled with new talent who gained experience and represented the team well.

## *Girls Are State Champs*

The girls x-country team had an excellent season. From the first meet in the park against U-32 to the last regular season meet in Essex, the team had high hopes for the State Meet. These hopes were fulfilled when they became State Champions. They moved on to the New England Meet held in Rhode Island and ended the trip and the season with a seafood feast in Maine.

# Basketball Contests Hard-Fought This Season

**VARSITY BASKETBALL CHEERLEADERS:** Front: B. Bennett, D. Blow. Back: L. Hickory, S. Eldredge, L. Mureta, K. Heney. Top: K. Drew. Missing: L. Denis.

On all three levels of play, Montpelier basketball players fulfilled their resolution, "We will do our very best."

The freshmen finished up the season with an exceptional 14-3 record. They demonstrated tremendous team effort and hinted at some upcoming varsity talent.

The J.V. team also played admirably. Their season's record of 11 wins and 4 losses illustrates clearly the fine basketball skills of these twelve young men.

Although the wins were not as frequent as hoped for, the varsity squad played exceptional basketball.

Their primary goal, to qualify for the Class L Basketball Tournament, was achieved with an exciting 70-64 victory over CVU — that magic eighth win. Although final statistics are not available, the following show individual achievement at the time of this writing: Dave Nelson leads in rebounds, field goal percentages, and foul shooting; Mark Wasik tops the team in assists; and Dennis Drew and Brian Cody battle for the best defensive award.

Throughout the season all three teams have continued the Montpelier reputation of playing honest, skillful, and vigorous basketball.

## *Rosie Traynor Places 4th and 5th in State Meet*

With the help of such items as new skis, new uniforms, and even a new coach, the girls' team was bound to improve. Although they didn't make it to states, as a team they increased in strength over last year.

The team will be losing their top alpine competitor, Rosie Traynor, but there will be new faces to fill the slot.

## Continue to Improve

### Team Led by State Skimeister Millar

Plagued by extremes of weather, the boys' ski team was forced to use everything from klister to special green wax. Despite their handicap, the team earned their way to states.

The most outstanding performance came from Dick Millar who, after being the Districts Skimeister last year, returned to repeat the accomplishment on the state level.

Unfortunately, graduation will claim a great deal of the team's talent as Dick Millar, Dan Heney, Paul List, Bob Lizzari, and Marc Allard move on.

**Front Row:** J. Campbell, D. Lang, B. Lamphere, F. Malinosky, J. Snow, D. Millar, C. Lewis, T. Mullins, T. Tomasi, A. Ellerson. **Second Row:** Coach Duesing, M. Myers, R. Brier, M. Gora, K. ## Girls Take a Lickin'

Glancing at the girls' basketball season record — 3 wins, 17 losses — is merely skimming the surface. Looking beyond the numbers one can see a group of hardworking, spirited girls. Many, playing for only the first time, lacked the experience only years of playing can bring.

Despite their handicaps they played well against all of the league's major threats. On Oxbow's home court they overcame incredible pressure to regain themselves, and fell just four points short of winning. Against other rough competitors like Harwood and Randolph, their losses were by similar point margins.

Coach Betty Gibson commented that "the girls all got along well and really played their hearts out!"

On the Junior Varsity level, nearly every contest was a heated battle in which only a few points decided the winner. As a rule, Coach Gierula allowed every player to play in each of the season's 20 games, of which the squad won five.

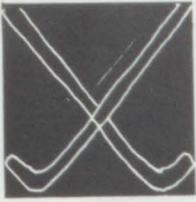

**VARSITY TEAM** — Kneeling: J. Daniels. Second Row: C. Day, C. Gidney, J. Blakeman, B. Lawton. Third Row: D. Kent, L. Grout, T. Aja, S. Goodell, B. Coletti, Coach Gibson. Missing: A. Graves.

# and Keep on Tickin'

**J.V. TEAM** — Front Row: D. Goodell, S. Demingware, M. Chapman, J. Graves, D. Parker, J. Breer, M. Brown. Second Row: Manager H. Hersey, L. Simanskas, K. White, M. Greiner, C. Laiho, S. Jacobs, Coach Gierula.

# Hockey Teams Working Hard for a Strong Finish

**VARSITY** — Front Row: R. Millette, J. Whalen, E. Peterson, M. Mercier, B. Goddard, S. Reinecke, M. Springer, G. Badeau. Second Row: Coach Michaelson, Manager T. Abbiati, C. Pratt, M. Peterson, J. Ponsetto, C. Henderson, L. Lang, P. Magnan, D. Donaghy, J. Provost, P. Provost, J. Rouelle, Coach Nicholson.

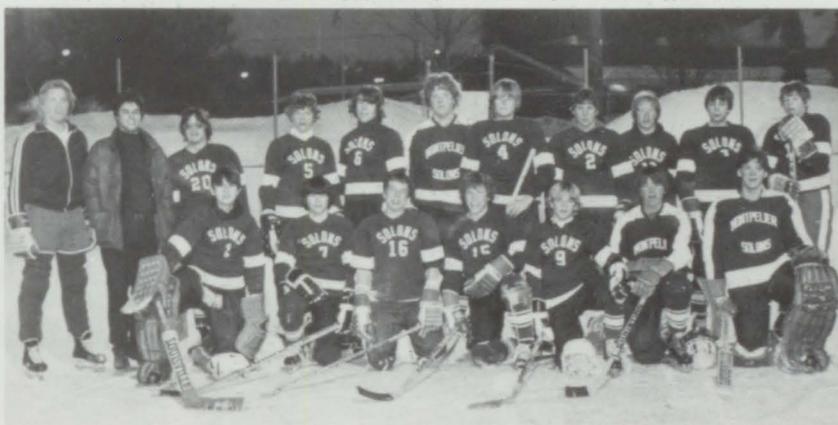

Working hard for a strong finish, the Solon icemen have had a very trying 6 win, 11 loss season in Division II play. However, the players feel optimistic about the remaining three games and playoffs yet to come at the time of this report. During the season, practices have been jeopardized from time to time because of weather, but the skaters have hung tough.

The crew was held together by the strong leadership of seniors Millette, Whalen, Peterson, Reinecke, Springer, Badeau, Manager Abbiati, and Captains Mercier and Godard.

An important step was taken this year with the J.V. unit. The direction of Coach Mark Nicholson produced a fine hockey season — invaluable experience for the J.V.'s in filling the posts left by the eight departing seniors.

**HOCKEY CHEERLEADERS:** S. McKee, L. Richardson, A. Bowles, T. McDermott, L. White, D. Goodell, S. Donnelly, J. Miller.

**J.V. HOCKEY UNIT — First Row:** G. Molander, M. Ferland, R. Canales, J. Blouin, D. Provost, J. Poitras, B. Dufresne. **Second Row:** Coach Nicholson, T. Kingston, P. Sikora, L. Couture, P. Wasik, P. Canales, J. Poitras, W. Rowan, D. Coburn.

# Gymnastics Improves With the Help of Miss Toy

The girls' gymnastics team showed a lot of improvement this year, becoming progressively stronger with each meet. Seniors Margaret Gibson and Deseree Jarvis contributed greatly to the success of the team and will be missed next year; fortunately, however, they are the only gymnasts not returning.

This year's young team shows strength, is adding depth, and has the potential to develop into a real power in Montpelier's league.

**Front Row:** K. Osgatharp, Capt. M. Gibson. **Second Row:** L. Slaybough, K. Swasey, A. Jahnke, C. Jordan, K. Mailman, T. Genest, Capt. S. Wells, D. Bezio, L. Ochmanski. **Third Row:** Managers S. Individually and as a participant in activities at MHS, each person develops values and lifelong goals.

## *Clubs Offer Special Enjoyment*

Clubs . . . a way to get involved, to meet new friends, and to learn new skills.

Clubs . . . an opportunity to learn to do things yourself, and to share your ideas with others.

Clubs . . . offering you interesting challenges as an individual and teaching you how to work with others.

Clubs . . . rewarding you with the personal satisfaction of knowing that others are also benefiting from your efforts.

# Clubs of The 1979 Record . . .

Business Managers **Laura Nyhagen** and **Shirly Goodell** handle the finances, the first step.

**Sarah Sprague** and **Dave Kerin**, the Clubs Editors, decide on the best layout. Mr. Talbot makes a serious comment.

The editors would be lost without their many photographers and helpers — **Front Row:** Matt Myers, Bob Lizzari. **Back Row:** Janet MacPherson, Louise Romano, Sue Jacobs.

Senior Editors **Lori Pinard** and **Marc Allard** try to choose the best pictures.

# And How It Was Made

## **It's not just a job. It's an adventure.**

The young men and women of today's Navy respond to the same call to adventure that has brought sailors to the sea for generations.

It's an exciting challenge, one that can take you around the world and show you new places, new people and a new life.

It takes a person with a strong desire to succeed, one who is ready to work hard and take advantage of the Navy's many opportunities.

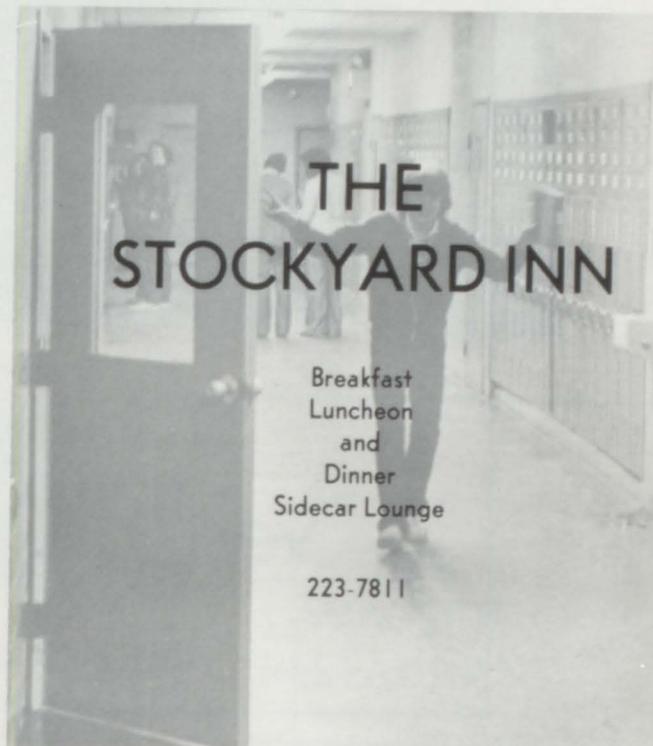

The Navy is a good place to make good—because long ago we realized that even with the finest ships and most sophisticated equipment, the most important thing in the Navy is people.

It was true when a sailing ship was only as good as the hand at the helm and the men at the sails. And it's true today when computers are only as good as the judgment of their operators.

This is why the Navy wants only the best, provides the best schools and teachers and insists her people get the finest training and education for their jobs.

Obviously you can't prove yourself until you're given the chance. And everyone who joins the Navy gets that chance. *Every* man and woman regardless of race, color, religion, or national origin gets a chance. Advancement is based on ability, and Navy people are encouraged to use their ability to get ahead.

## In Closing . . .

As the piecing together of this 1979 *Record* comes to a close, we look back on all the long hours we've spent. To our entire staff and advisors we are very grateful. Only we on the staff know how much work and worry was invested in the yearbook. To be able to stick it out when faced with many obstacles shows sincere dedication on their part. They exercise, eat right, and take Geritol every day. Our staff, we think we'll keep 'em.

Our apologies to anyone we may have accidentally omitted.

The sun set gracefully behind.  
the barren trees.  
Slowly it settled and became  
lost in the rolling mountains.  
One more peaceful evening in  
Vermont.

We say our final goodbye. The door slowly closes  
and we turn away. Some will travel far  
from here. Others will stay  
close. Some may never return.  
But we know we will always  
be welcome. Vermont keeps  
calling us home . . .
