

Vermont History Trivia

Do you know what a gore is, and how many of them in Vermont? How about the original name for Camel's Hump? What's the official state bird?

The Vermont Trivia kit is available to historical societies, museums, libraries, and other cultural or nonprofit institutions to use for a fun, lighthearted program that can appeal to a range of audiences. The kit is available in multiple formats: all-digital, questions only or questions & prizes.

One round of the all-digital format is free for VHS institutional members (such as local historical societies or local libraries that subscribe to the VHS museum pass system) and additional rounds are available for a small fee. Kits are also available with prizes, or gather your own great giveaways.

Vermont Historical Society staff are happy to provide guidance to organizations that wish to use the kit. For more information, contact Laura Rooney, laura.rooney@vermonthistory.org, (802) 479-8500.
